PREVOST 12M ENCLOSED HOSE REEL OFFER!

Upgrade your workshop with our August offer on the Prevast 12M Hose Reel. This high-quality hose reel is available in both standard and high flow options, making it ideal for a wide range of applications, from light-duty tasks to more demanding operations requiring greater air volume. The durable construction ensures long-lasting performance, while the 12-meter hose provides ample reach for various tasks around the bodyshop, garage or workspace.

The Prevast Hose Reel features a smooth retractable mechanism, allowing for easy storage and preventing hose tangles, ensuring a neat and organized environment. The standard option offers reliable everyday performance, while the high flow model is perfect for those needing enhanced air delivery for more intensive jobs. This promotion is an excellent opportunity to invest in a versatile, essential tool that combines convenience with efficiency, catering to both professional and DIY needs.
